How much is it?

Rates

Monthly fee	\$5 – including taxes!
Domestic Texts	0.5¢/ Msg
International Texts	1.5¢/Msg
Airtime	1.5¢/Min
Data	1.5¢ / megabyte
International calls	Airtime + Destination's Pinless rate

If your usage is less than \$39 (using the rates above), then you only pay for what you have used. Once you have spent \$39, you can keep using your phone but we stop charging you airtime/data/texts! You only pay the Pinless rates (no additional airtime charge) for international calls after \$39. Plus, the \$5 monthly fee is included. It is the best of both worlds! Pay-as-you-go turns into unlimited after \$39!

How does it work?

Customers can bring their own number and phone, or start fresh with a brand-new phone or number! The retailer activates the account and the customer starts saving! The customer can add balance and pay the \$5 monthly fee at their retailer the same way they would do a Pinless recharge; the retailer looks up the phone number, puts the recharge amount, and done! The monthly fee and all costs (domestic/international minutes, texts, and data) all use the same balance. Plus, taxes are already included! However, once the customer reaches \$39, talk, text, and data are FREE as well as international SMS! You only pay the Pinless rates (no additional airtime charge) for international calls after \$39.
